**RE: Pastor's Safe Environment Verification Letter**

TO: Monsignor Carl Kemme, Diocesan Administrator

The above referenced parish in the Diocese of Springfield in Illinois, has received and implemented all aspects of the diocese Safe Environment Training Program.

The program includes training of every required group, (*applicable to this parish environment*): children, volunteers, parents, ministers, deacons, educators and employees, in programs that provide adults with the steps necessary to create an environment safe from child sexual abuse and gives children enrolled in our schools and/or Parish Schools of Religion the knowledge they need to stay safe.

Sincerely in Christ,
