

# *PARISH GUIDE FOR INTERIOR PAINTING, DECORATING OR RESTORATION OF WORSHIP SPACES INCLUDING FURNISHINGS*

When a parish contemplates any interior painting, decorating or restoration of the worship space of their church, the project falls under the Diocesan approval procedures for interior painting, decorating or restoration of worship spaces including furnishings and the pastor will need to follow the approval procedures and obtain the Bishop's permission at several stages of the process. The parish also plays a big role in the approval of the project because the Bishop's approval is contingent upon the approval of the parish.

The following pages will guide the parish through the process using steps that are designed to insure the parish is able to be good stewards of the gifts they have been given. The process is divided into five categories, organizing for the proposed project, the discernment process, the project design process, the construction process, and the celebration of the project completion.

The Office for Property, Buildings and Cemeteries is available to assist the pastor and parishes with this process. For more information, please contact:
